## Prayers do Make a Difference

*(Jeremiah 29:7) 'Seek the welfare of the city where I have sent you into exile, and pray to the LORD on its behalf; for in its welfare you will have welfare.'*

Following a hard fought election, one of the most powerful things Christians can do to influence our culture and government is pray for their local, state, and federal leaders. Our responsibility does not end on election-day. In fact, after an election, our service is even more needed. Our leaders must have the Lord's direction in their lives as they make key decisions sure to impact our culture, state, and nation. Let us make requests to the Lord on their behalf.

You can collectively pray for our leaders, by joining the effort of the Iowa Chapter of Concerned Women for America. CWA is offering prayer packets to all who volunteer to pray on behalf of our legislators and Iowa Supreme Court Justices. The packets are free and prayer partners need not be members of CWA. Enclosed in each packet are postcards with scripture verses, which each volunteer will send to their particular leader assuring them of their prayers.
